

**Certificate
08-068C**

Initial type-testing

of
Glass fibre mesh KA 130

**for use in External Thermal Insulation Composite Systems (ETICS) with rendering
according to ETAG 004/2000**

Manufacturing plant: Karbosan Zýmpara TaPý Sanayii A.P.
Halkalý Yolu No. 253-267
Sefaköy - 34630 Ýstanbul
Turkiye

Basis: Test report No. PB 1.1 / 07 - 330 from 29.10.2007 to the MFPA
Leipzig GmbH

Recorded performance features: Tests according to annex C of the ETAG guideline 004

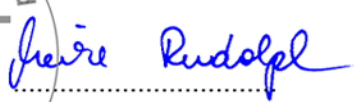

- Mass per unit area
- Ash content at 625 °C
- Mesh size of the reinforcement
- Elongation in the as-delivered state and after ageing

The certificate only applies to the test results indicated in the above-mentioned test report of the examined glass fibre mesh
